Share of week net sales

Each slice is one store's net sales for these 7 days. The percentage is drawn on the slice, and again beside the store name. A slice under 3.5% keeps the percentage in the legend so the labels stay apart.

Sales and Labor Performance

Store	Net sales (day)	Net sales (week)	Share of week	Annualized	Labor % (day)	Labor % (week)	SpLH (day)	SpLH (week)	Drive-thru (day)	Drive-thru (week)	OT hours (day)	OT hours (week)
Leander	$5,294	$50,151	100.0%	$2,607,828	23.1%	17.5%	$59.05	$82.17	—	—	0.0	54.9
All stores	**$5,294**	**$50,151**	**100.0%**	**$2,607,828**	**23.1%**	**17.5%**	**$59.05**	**$82.17**	**—**	**—**	**0.0**	**54.9**

Hourly labor % is shift wages divided by net sales. SpLH is net sales divided by hourly labor hours, with salaried roles such as GM left out of the hours. Drive-thru time is the car-weighted average lane time. OT hours leave out the GM role. All stores adds the stores together, then divides.

Annualized net sales is the net sales from these 7 days, multiplied by 52. Share of week is each store's net sales divided by the All stores total.

No drive-thru departures were recorded in this window.

Review leaderboard

Rank	Store	Week avg	Week reviews	Day avg	Day reviews	Current score
1	Leander	4.89	9	4.00	1	4.80

Ranked by average score for these 7 days, highest first. A store with no reviews this week is listed at the bottom. Day columns use the business date in the title. Current score is the average of every Google review stored for the store.
